Julie Eigenberg, Releases Soulful New Album: *My Jazz of a Life* Blending Classic Standards with Her Lyrical Original Compositions

New York, NY – August 18, 2025 – Jazz master vocalist **Julie Eigenberg**, revered for her elegant interpretations and powerhouse stage presence, proudly unveils her latest album, ***My Jazz of a Life***, via Halfmoon Records and Publishing.

Julie Eigenberg returns with ***My Jazz of a Life***, a lush and lyrical collection of ten tracks that span timeless standards and original compositions. With her signature blend of elegance and emotional nuance, Julie reimagines classics like “My Cherie Amour,” “Easy to Love,” and “Smile,” while introducing poignant originals such as “Sin Ti,” “This Love,” and “Forbidden Fruit.” Each song unfolds like a chapter from her musical memoir, intimate, reflective, and impeccably arranged.

Listeners who enjoy the elegant phrasing of Cassandra Wilson, the storytelling warmth of Norah Jones, and the classic poise of Sarah Vaughan will find a natural resonance with Julie Eigenberg’s ***My Jazz of a Life***. Like Madeleine Peyroux or Diana Krall, Julie blends jazz standards and original material with an emotional intelligence that feels timeless but deeply personal. Her voice is rich, lived-in, and unafraid to pause on a lyric, to let it ache or bloom.

When listeners describe her music, Julie often draws comparisons to Nancy Wilson, Shirley Horn, or even Joni Mitchell’s jazz period, artists who led with vulnerability, phrased like instrumentalists, and brought their own life stories into every interpretation.

What sets Julie apart is her lyrical sensibility: many of the originals on this album were penned by her, giving the record a songwriter’s intimacy layered atop a jazz musician’s precision.

Julie Eigenberg delivers a singular jazz experience in ***My Jazz of a Life***, where every note is an invitation to feel, remember, and celebrate. A sophisticated and heartfelt collection of ten songs, the album showcases Julie’s ability to honor timeless classics while infusing them with her own lyrical beauty.
