A million lights floating in the dark
Golden dragons fighting in your heart
With every step new shadows in the sky
Unknown feelings crawling by your side

Lace, singing in the alley ways
Flying dancer you seize beat
Feel the warning in your body heat
Your fear never leaves

When you're alone in Shanghai
When you're alone in Shanghai
When you're alone in Shanghai
When you're alone in Shanghai

The truth you're after is lost in time
The path you follow empties your mind
The thrill is better than anything you've ever tried
You never know where the dark streets go

Corner to corner, illusions are moving fast
There's no future, there's no past
You never had a destiny
Have no faith in what you see

When you're alone in Shanghai

Freedom means danger

Are you willing to pay the price?

You could, you could be free

If only you survive

When you're alone in Shanghai

When you're alone in Shanghai
