Music and Lyrics by Jean Louis Marcel Pedat aka Jay Elle (ASCAP)

Verse 1:

My magic needs a drink
I'm a wizard on the brink
I haven't slept a wink

Chorus 1:

I'm in a
Fountain of dreams
Or so it seems
I'm in a
Fellini's love scene
Your heart's a wall
Hard and cold
I run fast
Hit it then I fall
Still I answer to your call
Though you stole
My love, my body, my soul
And the kiss
The kiss that started it all

Verse 2:

I try to read your mind
But you're of that rare kind

One second and we're
Laughing it off
Then I'm lying
Like celluloid
Alone on the cutting room floor

Chorus 2:

I'm in a
Fountain of dreams
Or so it seems
I'm in a
Fellini's love scene
Your heart's a wall
Hard and cold
I run fast
Hit it then I fall
Still I answer to your call
Though you stole
My love, my body, my soul
And the kiss
The kiss that started it all

Bridge:

Oh
The water's cold
The sins unfold
Parading with all the lies
Sweet, sweet love ties

Chorus 3:

Fountain of dreams

Or so it seems

I'm in a

Fellini's love scene

Fountain of dreams

Or so it seems

I'm in a

Fellini's love scene

Your heart's a wall

Hard and cold

I run fast

Hit it then I fall

Still I answer to your call

Though you stole

My love, my body, my soul

And the kiss

The kiss that started

The kiss that started

The kiss that started it all
