

## **"Ghost" Lyrics**

Music and Lyrics by Jean Louis Marcel Pedat aka Jay Elle (ASCAP)

The devil in me fell for the devil in you  
And some demons last forever too  
I thought by now you'd be gone  
But you keep on creeping around  
Can't run away  
Can't hide away  
You're always right in my way  
Make no mistakes  
I leave no trace  
In the darkest corner I still see your face

Cause you're the ghost in my veins  
And I crawl like a slave  
Ghost in my veins  
Beast in my heart driving me insane

In my hell with a funny smile  
Every time I shut my eyes  
You come at night to tear me apart  
Chain me down and hang around  
Between the sheets  
Under the cover  
Under somebody else's fire  
You keep me cold

As cold as ice

What will it take for you to get out

Cause you're the ghost in my veins

And I crawl like a slave

Ghost in my veins

Beast in my heart driving me insane

You're the ghost in my veins

And I crawl like a slave

Ghost in my veins

Beast in my heart driving me insane

Ghost in my veins

And I crawl like a slave

Ghost in my veins

Beast in my heart driving me insane
