There is a river
A great river down below
Out of sight
Someone will drawn in the river tonight
In the Ohio
The river, the river will overflow
Everyone knows, everybody knows
The Ohio, the Ohio

River call me
To come on in
Stand
River call me
I think I know why
Somehow I must keep myself dry

The river, the river
In the Ohio
Lord, don't let me down in the river
Don't wanna look down in the river?
Let me walk on the water

There is a river, a great river down below
Out of sight
Someone will drawn, drawn in the river tonight
In the Ohio
In the Ohio
The river, the river
In the Ohio
In the Ohio
Lord, don't wanna look down in the river
I'm gonna walk on the water
In the Ohio
