

“The Wolf and The Dove” Lyrics

Music and Lyrics by Jean Louis Marcel Pedat aka Jay Elle (ASCAP)

I keep on seeing us
Children on the run
Two kids always in trouble
We never did anything right
We use to laugh so much
Never thinking twice
If what we did was good or bad
Our dads would hit us so hard
But now I know
It was the best of time
Every time I think of you
I can't help feeling it's too bad

Like the wolf and the dove
Like the wolf and the dove
Like the wolf and the dove
We chose a different love
Like the wolf and the dove
Like the wolf and the dove
Like the wolf and the dove
We chose a different love

We swore we'd stick together
You and I no matter what

We were gonna make it happen
Kick all the losers out of sight
There was nothing we could do
To make it last forever
We were young with dreams so big
We didn't see the rest of the world
I still feel that rage inside
Where are you to dare me to try?
I got used to fear alone
I'm not sure we would get along

Like the wolf and the dove
Like the wolf and the dove
Like the wolf and the dove
We chose a different love
Like the wolf and the dove
Like the wolf and the dove
Like the wolf and the dove
We chose a different love

Like the wolf and the dove
Like the wolf and the dove
Like the wolf and the dove
We chose a different love
Like the wolf and the dove
Like the wolf and the dove
Like the wolf and the dove
We chose a different love
