### **Verse 1:**

Of all the perfect things that you do  
Morning ‘till the night is through  
If there was one way  
I could spend my day  
I’d be

### **Chorus 1:**

Watching you try a new dress on  
Watching you try a new dress on

### **Verse 2:**

Of all the memories, if I’m ever asked  
As if something in this world could last  
It’s true that I’d hang on to

### **Chorus 2:**

Watching you try a new dress on  
Watching you try a new dress on

### **Bridge:**

There’s so much to tell  
Everything you do so well  
The many ways you fill my mind

But if I ever go blind  
I'd remember

**Chorus 3:**

Watching you try a new dress on  
Watching you try a new dress on

**Verse 3:**

Whether it's red, white or blue  
It always looks so good on you  
I'm always around  
To zip you up and down

**Chorus 4:**

Watching you try a new dress on  
Watching you try a new dress on

**Chorus 5:**

Watching you try a new dress on  
Watching you try a new dress on  
Watching you try  
Watching you try a new dress on
