My Priority

I've known love

The unrequited kind

Love

The uninvited kind

But your kind of love

Well, well

It's a new one on me

You are here but you are never "there"

Near but you don't seem to care

Baby I know

I need a new strategy

It's gonna work this time

You'll see

You've got a real contender in me

I hope you know what you're up against

Put up your best defense

'Cause baby you're my priority

I've got nerve

You've got to give me that

Nerve

So stop your holding back

One of these days, you'll see

You're gonna see it my way

'Cause I'm not gonna let you go

I really love you so

You'd better know

That I'm not gonna let you go

I really love you so

You'd better know

That I'm not going away

It's gonna work this time

You'll see

You've got a real contender in me

I hope you know what you're up against

Put up your best defense

'Cause baby you're my priority

You've been a loner for much too long

I know you think it shows that you are strong

But now's the time to let someone in

Somebody genuine

It's gonna work this time

You'll see

You've got a real contender in me

I hope you know what you're up against

Put up your best defense

'Cause baby you're my priority

It's gonna work this time

You'll see
